

# News Release

City of Mansfield, Ohio

Tim Theaker, Mayor

---

## For Immediate Release

**Date:** May 1, 2012

**Contact:** City Engineer's Office  
419-755-9702

**Subject:** Middle Bellville Road Construction

Mansfield, Ohio--

Work continues on Middle Bellville Road. Beginning Wednesday, May 2, Underground Utilities Inc. will bring an additional crew to the site and work will begin on the section between Weller Drive and Straub Road. Work will also continue on the section between Logan Road and Lexington Avenue.

Middle Bellville Road remains closed to through traffic. Access to local businesses and residences within the corridor will be maintained. Motorists are asked to observe all detour signs and warning signs throughout the project. Workers and equipment will be frequently entering and exiting the roadway.

Work on the Logan Road intersection and Straub Road roundabout is planned for later this summer, when school is not in session. Roundabouts have been proven to substantially reduce the severity of crashes, when compared to traditional signalized intersections. Anyone interested in learning more about this subject is invited to visit <http://safety.fhwa.dot.gov/intersection/roundabouts/>.

Questions about the project may be directed to the Mansfield City Engineer's Office.
