## For Immediate Release

**Date:** 06/14/2015

**Contact:** Utility Collections  
Water Repair

419 755-9673

419 755-9806

**Subject:** Fire Hydrant Testing

Mansfield Fire Dept. will continue fire hydrant flow testing and flushing program. The program will continue thru-out the summer until all hydrants have been tested and flowed. Personnel will begin testing and flushing hydrants in the southern part of Mansfield and work their way out north to the airport.

Testing will normally be conducted between 9am and 4pm. Citizens may experience temporary low flow pressure or water discoloration. During times of testing, hydrants could be left open and continue to flow until testing is complete.

Testing will be in the area of:

Middle Bellville West over to Marion Ave from the city limits into the center of town. Also, Marion Ave. over to W. Fourth St. from Home Rd. into Trimble Rd.

Water Repair and Utility Collections will answer any questions or concerns. All Fire Stations and Water Repair Dept. have packets of rust out. All changes to the testing schedule can be found on the city's web site.
