Subject: Central Park Parking Spaces

Mansfield, OH—Mayor Tim Theaker is pleased to announce as a tribute to our safety forces, parking spaces on North and South Park Streets were restriped over the weekend using blue and red paint to signify the respect and appreciation we have for their service to Mansfield.

Our safety forces are the guardians and defenders of life and property, warriors in the battle against crime, and are dedicated to the preservation of life in our fair city.

These men and women willingly sacrifice their lives to guard us and our loved ones 24/7. They are very deserving of this effort to pay homage to them.
